

# And You Thought **CORONA** Was Cerveza (that means beer for you white boys)

Dr. Anthony M. Antonacci

March 2020

“It never ceases to surprise me at the infinite capacity of the human mind to resist the introduction of useful knowledge”

-Thomas Raynesford Lounsbury  
19 Century Educator

Or the truth. Masks, gloves, anti-bacterial soaps and goblins are compelling however not effective in bolstering your IMMUNE SYSTEM to fight off infection. So what to do?

**IT IS CALLED BOLSTERING YOUR IMMUNE SYSTEM FROM WITHIN, so you can prevent being a good host to the virus.** You see, viruses like predator animals, only go after(infect) the weak, not the strong. A lioness will not chase down the fastest antelope. She will wait and attack the last one and the weakest. That is precisely what viruses do. If your immune system is strong, the virus cannot over take you. If you are immune compromised, you are prey. And those are the deaths you see reported. Very elderly, very sick and very young, like infants, that are immune compromised to begin with.

So here is how you really prevent any virus from overtaking you.....YOU MUST IMPROVE THE HEALTH OF THE GUT.

- 1) Our 3 Probiotic products in concert
  - Florabiotica Plus Enhanced:** 1 capsule per day
  - FloraBiotica Synergy Powder:** ¼ teaspoon per day
  - Florabiotica Plus Advanced shelf stable:** 1 capsule per day
  
- 2) **Immune Synergy** mushroom complex: 3 caps BID or 2 times per day

THAT IS HOW YOU DO IT. ORDER THEM TODAY FOR YOUR ENTIRE FAMILY and FRIENDS. THIS MANMADE MUTATED VIRUS IS NO JOKE OR HOAX, HOWEVER YOU CAN PREVENT IT FROM TAKING YOU OVER TO YOUR DEMISE.

If you think wearing a mask and gloves will prevent Corona virus as you continue eating at McDonalds and the like, you are highly mistaken. YOU NEED TO ADJUST YOUR NUTRITION AS NUTRITION IS THE MEDICINE. You need to be disciplined. And you think a vaccine will help you? You are wrong. Dead wrong.

Now, to the facts that many of you won't believe anyway because you have bought the media Kool-Aid and therefore whatever I say does not really matter. Here are some FACTS for you:

\* Brian Monahan, MD is the Allopathic physician for all of Congress and the Senate: “70 TO 150 MILLION Americans will contract the Corona virus and 80% will not even know they had it. For those of you from the GW Bush and Obama education dumbed down era.....150

million is almost 50% of our population. OMG, Brittany and Zoe...OMG! Just like Polio. Only 1% manifested symptoms you saw on TV and in your skewed history books.

\* Dr. OZ, your TV hero...."The virus is self limiting like the common cold and most people will be fine. It is the Immune compromised that succumb to the virus". And that is FACT. So, start taking care of your self. Order the aforementioned probiotics and mushrooms, now and be disciplined with your nutrition.

\* 1,644 Americans die each and every day from Cancer or the treatment of Cancer, for several decades.

\* How many deaths due to Corona virus? Around 4 immune compromised sick people per day in 2 months and that is a pandemic? And 1,644 cancer deaths a day is not a pandemic?

\* How many deaths due to opiates, daily, prescribed by your Allopathic MD? And the subsequent heroin addictions and overdoses that your Allopathic MD is directly responsible for? According to the National Institute for drug abuse 2018 data shows that every day, 128 people in the United States die after overdosing on opioids.

Well beyond 4 per day from Corona and that's just in the U.S. And that is not a pandemic?

Now read the following, very carefully and repeatedly:

**ON OCTOBER 18, 2019, JOHNS HOPKINS CENTER FOR HEALTH SECURITY, THE WORLD ECONOMIC FORUM AND THE BILL AND MELINDA GATES FOUNDATION SPONSORED A PANDEMIC PREPAREDNESS EXERCISE IN NEW YORK, PRACTICING FOR THE EMERGENCE OF A NEW "FICTIONAL" VIRAL ILLNESS DUBBED.....**

### ***"CORONAVIRUS ACTUE PULMONARY SYNDROME"***

Are you awake yet? That was 6 months ago. The hysteria surrounding Corona did not make the news in a really big way until February 2020. Hmmm.....

Oh, that Billy is a mischievous one isn't he? It was reported last month that a vaccine was almost ready for the market, as well. Hmmm.....

It usually takes 5 years or more to get a new vaccine to market after all the clinical trials and approvals. Hmmm....

And just guess who has made billions with his support of vaccines and the distribution of them globally? C'mon now. The answer is to be found in this paragraph.

I could enlighten you with details, specifics and actual truths of what is in store for you surrounding current events regarding the aforementioned virus, however you would not believe it. So, I won't. Actually, you are watching it unfold before your very eyes however you cannot see it, can you? You really don't have a clue and that is what they depend on. Who is they? This is no game folks. This is serious. It is not the Corona virus you need to fear.

You better start paying attention and critically think about what is happening.

**"The great enemy of the truth is very often not the lie but the myth, persistent, persuasive and unrealistic"**

*-President John F. Kennedy*
